

VETERANS OF FOREIGN WARS

OF

THE UNITED STATES

FOUNDED 1899

FISCHER-HEWINS POST NO. 6249

Dear Vendor,

It is that time of year again! The Rocky Point Veteran of Foreign Wars will be holding it's 4th Annual Wounded Warrior Golf Outing. Our Organization benefits warriors that are in need on a individual basis within the Wounded Warrior Project. From home improvements to paying bills, we receive help from our sponsors and provide our veterans with the funds so they can concentrate on recovering from their injuries. We also contribute to a scholarship in the name of Sergeant Jonathan Keller, who died of his wounds fighting for us in Afghanistan. Two outstanding seniors from his high school will receive these scholarships.

In the past three years of this event, we have had major sponsors come aboard to help us out---Home Depot Stores of Long Island, PGA Tour, Clare Rose (Budweiser), Coca Cola of New York, New York Daily News, Firefighters Charitable Foundation, Friends of the First Battalion and many more. We have raised over \$40,000 and we are hoping to contribute more for the men and women returning home with these life changing injuries.

The Rocky Point Veterans of Foreign Wars realizes that because of the economy, it has been a rough few years. Although funds are harder to attain we will make every effort to help support these service members that have greatly sacrificed for us. It would be appreciated if you can donate and show what a fantastic organization you come from. I hope you can help! Thank you for your time and consideration.

God Bless America and thanks again for your past and present support!
